Section E: Modular Study

(a) Undergraduate:

Fees for modules taken on an individual basis by students registered part-time in order to complete modules for reassessment, will be charged by credit value pro rata to the relevant full-time fee, e.g. a 30 credit module will cost 1/4 of the relevant full-time fee.

Fees for modules taken on an individual basis by students concurrently studying for a degree are determined on an individual basis, but are normally charged by credit value pro rata to the relevant full-time fee that the particular student is paying for their year of entry.

(b) Essex Modern Languages Certificates:

Members of the public: £890 per 30 credit module (costs of the study abroad element on intensive language courses would be charged as an extra)

Members of the University (ie registered students and members of staff): £556 per 30 credit module

(c) Languages for All Programme:

All students wishing to learn a language in addition to their main course of study can do so at no additional cost through Languages for All. Students who wish to undertake a second language course can do so for a fee. The fee for both Express and Portfolio additional modules has been set at £250.

(d) Postgraduate Taught:

Fees for individual modules can be found in Section B above.

Modular study students declaring at the outset that they will not undertake assessments are entitled to a 10% fee reduction, rounded to the nearest £5. There are no refunds for intended assessments which are not completed.

Overseas students would normally be unable to study part-time because of their immigration status.]

Section F: Postgraduate Visiting Research Students

The University has a tariff for visiting students seeking research attachments to departments and/or individual members of academic staff. This is intended to reflect the cost of providing a research attachment for an occasional student. These fees are calculated as a proportion of the standard postgraduate research degree fees. The monthly rate is calculated as a quarter of a 'four month' term.

General Notes:

1. The amounts set out in this document for academic tuition are composite fees which include admission, registration, examination and graduation fees as well as an obligatory contribution towards the cost of student societies, sports activities and other amenities. The fees identified in this document do not include accommodation, or the cost of meals, or special or re-examination fees.
2. Late payment penalties are charged if tuition fee payments are late. Home and EU undergraduates are charged £25 per term – all other students are charged interest at 12.5% pa.
3. Once registered at the University, all students, regardless of funding source and fee status, are liable for their fees for the relevant degree course or research degree. If for any reason a student withdraws from their course, information on tuition fee payment and liability can be found on our website at: www.essex.ac.uk/feesandfunding/current/payments/
4. Liability for payment of overseas fees is determined by reference to the Education (Fees and Awards) Regulations. The Head of Admissions is responsible for determining the fee status of applicants to the University. Following Registration, a request by the student to reclassify their fee status can be considered only in specific circumstances (<http://www.essex.ac.uk/fees-and-funding/current/fee-status/>).
